

JOB OPENING: Diagnostic Radiologist, Proscan Imaging

Facility	PROSCAN Imaging, LLC. (www.Proscan.com)
Position title	Diagnostic Radiologist
Subspecialty	Breast / Women's Imaging
Location	Cincinnati, Ohio
Work setting	Private / Group Practice, Outpatient Imaging Centers
Travel Required	Local only

We are seeking an entrepreneurial Diagnostic Radiologist to join ProScan Imaging for an immediately available full-time position in Women's Imaging. An ideal candidate is seeking a unique, challenging opportunity to improve their skills as a practitioner. An ideal candidate is a board eligible / board certified radiologist. This candidate should also have completed a fellowship in women's imaging or have comparable experience and expertise in this field.

The candidate is expected to collaborate with other women's health providers such as surgeons. Our women's imaging centers provide:

- Screening and diagnostic mammography and tomosynthesis
- Breast ultrasound
- Ultrasound-guided breast biopsy and stereotactic breast biopsy
- Breast MRI
- Breast MRI-guided interventions

ProScan Imaging is a leader in the Cincinnati region; the practice is high-volume and has a long-established referral base and a history of success. ProScan is one of the oldest, largest and most successful advanced imaging private practices in the United States. Independently owned and run by physicians for physicians, we serve every state and multiple countries, including hospitals, pediatric hospitals, clinics and large specialty practices.

The ideal candidate is also a life-long learner. ProScan is ACCME accredited to provide Continuing Education; fellows come from all over the world to train at ProScan and we have developed proprietary training methods designed to improve the skill-level of our doctors that is unmatched in private practice. We have also created hundreds of hours of video lectures and accumulated tens of thousands of teaching cases, which we make available to all our doctors.

We offer competitive compensation and bonuses for additional reads beyond base. Therefore, compensation is not capped. In addition, retirement funding, defined benefit plan, annual CME stipend, unlimited access to our online CME-accredited educational material, health, dental, vision, life insurance/ disability coverage, malpractice insurance and licensure are administered and paid by ProScan.

To apply, please send a resume/CV to Julie Poland (jpoland@proscan.com, 513-924-2113).
